FIXING INSTRUCTIONS

FIRE SURROUNDS

1. Bed marble hearth on sand / cement mortar.
2. Fix marble back to wall using "Troika Fix" or a good tile adhesive
3. Position surround around marble and mark position of wire supports on wall and drill hole to receive fixing.
4. Remove surround.
5. Hack away a small area of plaster around each wire support.
6. Apply "Troika Fix" to the back of the surround where it makes contact with the wall.
7. Re-position surround and plug and screw to wall through supports.
8. Clean away excess adhesive and fill joints with fine casting plaster.
9. Patch wall and plaster over wire supports.
